

Specifying Equipment is your job...

MAKING IT EASIER TO SPECIFY AIR CURTAINS IS **OUR** JOB

You can now drag and drop Powered
Aire air curtains
into ENGINEERING &
ARCHITECTURAL plans using

ARCAT™ CAD | BIM | SPECS |

ARCAT content is free to all architects,
spec writers and builders who need to
select air curtains for their projects.

To access visit www.poweredaire.com and click on **ARCAT**.

*Product Data is also
available in
MasterSpec !*

Models ETA and CHA
*Meet code requirements by using
Powered Aire AMCA CERTIFIED air
curtains in place of vestibules.*
