

MP-HW

MP-ST

MP-HW/ST

The MP HW/ST offers the same features and functions as all MP units (compact size, easy-to-install, low profile) but is available with Hot Water and Steam fittings to connect with buildings using hot water or steam as the primary source of heat. The MP HW/ST meets all the necessary criteria to be used as an exception to vestibules (ANSI/AMCA 220 Standard) in new construction and retrofit applications for offices, restaurants, hospitals, grocery stores and other applications where a vestibule can be eliminated.
