

HAVE A CUSTOMER WITH DOCK SHOCK? GIVE THEM AN AIR CURTAIN

A BUSY DOCK IS A GOOD THING. A MESSY, COLD AND UNSAFE DOCK IS NOT.

If your customers are complaining of docks plagued by unconditioned outside air, insects, fumes and other unwanted elements, it's time to talk to them about Powered Aire air curtains.

THE POWERED AIRE ADVANTAGE:

Keeps conditioned air inside, reduces HVAC costs, maintains complete dock access & visibility and complements existing dock equipment

- FULLY-ASSEMBLED, STAINLESS STEEL CABINETS WITH DIRECT-DRIVE MOTORS ENSURE THAT UNITS ARE DURABLE AND READY TO INSTALL
- AIR CURTAINS FOR EVERY SIZE DOOR: FROM CONVEYORS TO DOCKS AND PEDESTRIAN OPENINGS TO OVERSIZED DOORS
- HIGH EFFICIENCY PLENUM DESIGN ENSURES THE BEST UNIFORMITY AND LOWEST NOISE LEVELS
- NO GUESS WORK – LET POWERED AIRE HANDLE THE BRACKETS, SWITCHES, AND EVEN FREIGHT
- NEED SUPPLEMENTAL HEAT? USE ELECTRIC HEATERS, INDIRECT GAS, STEAM, OR HOT WATER FOR ADDITIONAL COMFORT

Long Lead Times on Seals, Shelters, or Screens? Consider an Air Curtain Instead!
